THE ALUMNI NEWS-LETTER

JOHN UMBLE ---------- Editor

ATTENTION, ALUMNI!

FOR several years a number of alumni have complained that a mid-week date prevents their attendance at the annual alumni reunion. At a recent meeting of the Executive Committee of the Alumni Association, the officers therefore decided to suggest changing Alumni Day from Tuesday to Saturday before Commencement, if that arrangement is more satisfactory to the alumni. This issue of the NEWS LETTER is being mailed early to give alumni an opportunity to express their preference. If you have any decided preference for either Tuesday or Saturday, please notify the alumni office at once. In the absence of serious objections the Executive Committee will try this change of date for one year to determine the feasibility of a permanent change.

Do you and your friends receive the ALUMNI NEWS LETTER regularly? If not, it may be our fault, and again it may not. Since people do not realize the difference between first-class and second-class mailings, may we explain how you may miss receiving your copy? When your friend mails you a letter, it goes first-class. If you have moved or if the letter is improperly addressed the post-office department makes every effort to deliver that letter to you, to forward it from your last address to your next, and looks you up in the city directory as a last resort before marking it "return to writer."

But bulletins, newspapers, and magazines are all mailed second class and the post office department assumes no further responsibility beyond delivering them to the original address on the envelope. Hence when you move without notifying us of a change of address, one of several things may happen: Your copy of the NEWS LETTER may go into some post-office waste basket. Or, if your copy reaches a carefully conducted post-office, a clerk sends us a card—Form 3578-P, to be exact—to tell us, if possible, why your copy of the NEWS LETTER could not be delivered. And for that service he charges us two cents. We are glad to pay the two cents to get your correct address, but remember if we do not have your complete address, with exact rural route number, street or apartment number, we have no way of getting your NEWS LETTER to you. If you want the NEWS LETTER regularly and on time, be sure that the alumni office has your complete, correct, present address.

Plans for the annual reunion are under way. Dr. Benjamin Gerig, U. S. representative on the secretariat of the League of Nations, Geneva, Switzerland, has promised to be present to deliver the annual address. Other alumni whom you knew in former days have promised to toast for the anniversary classes. If the association ratifies the suggestion of the Executive Committee, the literary society reunions and the annual dinner and reunion of alumni will be held on Saturday, June 2. Other events will follow: Annual Missionary Day and Baccalaureate Sermon, Sunday, June 3; Senior Class Day, Monday, June 4; the 1934 Commencement exercises, Tuesday, June 5.

Government aid to students is making it possible to begin work on the new alumni directory to be printed in July, 1935. Thelma Hostetler '37, daughter of Mr. and Mrs. Charles Hostetler, (Inez Eash, ex-'11) of Goshen, is the efficient typist assigned to this project. Some of the preliminary work was done last year by Levi Hartzler, '36, West Liberty, Ohio.

CAMPUS NOTES

President Sanford C. Yoder spent the last two weeks of December in strenuous activity in the interests of the College in Colorado, Nebraska, and Iowa, returning to the campus on January 1. Before going West he had participated in the farewell services for the missionaries leaving for Africa, held at the Weaverland Mennonite Church near Lancaster, Pennsylvania. During the Winter Bible Term he taught several courses and participated in the sessions of the Ministers Institute, February 6-9, and of the Christian Life conference, February 9-11. On February 28, he left for a short business trip to Iowa, stopping at the Northern Baptist Theological Seminary to complete arrangements for continuing his study. He is enrolled in the seminary during the third term and will receive the B. D. degree in June.

Dean H. S. Bender gave an address before the Progress Club of Mishawaka, January 24, 1934 on the subject, "The Russian Peasant and the Future of Russia." He had the pleasure of being introduced by Dr. W. B. Christophel, '02. Between semesters he made a trip to Scottdale, Pa., in the interests of the Mennonite Quarterly Review. On the evening of February 21, 1934, he spoke at the regular meeting of the Concord Parent-Teachers Association on the subject, "Personality Distortion in Child Development." He gave an address on a similar theme at the Elkhart County Parent-Teachers Association Convention at Elkhart High School Auditorium on the evening of April 6, 1934.

On Saturday, March 11th, he spent the day at Indiana University, Bloomington, Indiana, where he with Dr. Paul Bender, had conferences with Dean Rothrock of the College of Liberal Arts, and Dean Payne of the Graduate School in the interests of the college. They also enjoyed their visit and lunch at the Memorial Union Building, in company with C. L. Graber, business manager of the College, with Professor S. W.

Witmer, '14, graduate student in biology and H. Clair Amstutz, '33, a freshman at the Indiana University Medical School.

On Saturday, March 10, Dr. Silas Hertzler, '13, called at the office of Mr. Clarence L. Murray, state director of teacher training, in the State House at Indianapolis to discuss further problems of accreditment for the teacher training work offered by Goshen College.

During the last few months C. L. Graber, business manager of the college, has confined his activities mostly to the campus of the College. He made two trips to Iowa in connection with the bank of Wayland of which he is Vice-President. Plans for the new student self-help program of the College require much careful thought and planning. He reports generous support of the College by friends of Goshen. He is optimistic about the next year's program of Goshen College and predicts a record attendance.

There are still a few of the 1930 Alumni Directories on hand—a neatly-printed book of sixty-one pages containing the names, addresses and occupations of all graduates of the Elkhart Institute and Goshen College to 1931 and of all present and former instructors. If you have not received a copy, mention it to the treasurer or secretary when you pay your annual dues and a copy will be mailed to you postpaid. You are welcome to them while they last.

Dean and Mrs. Willard Smith, '28 (Verna Smith, 29), accompained by Professor and Mrs. Samuel Yoder, '28 (Ethel Oyer, ex-'30) left on Wednesday, March 28, for a motor tour of the South, including Florida, Louisiana and intermediate points.

The new officers of the Y. M. C. A. are: Levi C. Hartzler, president; Roy Umble, secretary; James R. Clemens, treasurer. Y. M. C. A. cabinet members in addition to the officers are Robert Shank, Rollin Krabill, Paton Yoder, J. Harold Burkholder, Carl Kreider, John Steiner, Lester Hershey.

New officers of the Y. W. C. A. are: Elizabeth Graber, president; Justine Enss, secretary and Ruth Hertzler, treasurer. Cabinet members are: Kathryn Royer, Alma Kauffman, Ruth Gnagy, Lois Gunden, Frieda Enss, Lois Winey, and Evelyn Burkholder.

At a student rally held in Assembly Hall during the chapel hour, Wed., Mar. 21, C. L. Graber, business manager of the college, announced tentative plans for locating several small industries on or near the campus to provide opportunities for self-help to needy students. Plans are on foot to make it possible for forty or more students to attend Goshen College who would otherwise not be able to finance four years in college, Carl Kreider of Wadsworth, Ohio, presided at the meeting. Robert Shideler of Goshen, in a stirring address on "Goshen College from the Angle of the Off-Campus Student," pointed out that the college is making it possible for many local young people to secure a liberal arts education who would otherwise be unable to do so. Mr. Shideler stated that the high type of instruction and the strong program of extra-curricular activities had forced him unwillingly at first, to raise his opinion of the institution. "I found at the end of the first six weeks of my freshman year," he asserted, "that I was not attending an inferior institution, but that I had come to a real college and that if I expected to pass in my courses, I would need to do some downright hard work,"

Elizabeth Graber, of Wayland, Iowa, and Levi C. Hartzler, of West Liberty, Ohio spoke of the advantages offered by Goshen College to students living on the campus.

NAMES OF CONTRIBUTORS TO THE ANNUAL EXPENSE FUND

No more hopeful sign of the growing stability of Goshen College is evident than the willingness of an increasing number of alumni to support the present program of their Alma Mater by pouring into her coffers in increasing amounts the sums that they can spare from their luxuries and, in many cases, from their actual necessities. This spirit is in line with present trends. Loyal alumni of every Christian college are beginning to sense as never before that if education is to endure, of the type that played so large a part in building and strengthening their own lives in Goshen College, then it must be supported by those who know its value.

Loyal alumni of these Christian colleges realize it is they who have profitted from the sacrifice and struggle that made their college possible. It is they who must carry it on if it is to serve succeeding generations of young men and women. Some of us are just beginning to realize that our motto, "Culture for Service," should mean to us that our training in Goshen College has given such a vision of the value of such training that we are willing to make personal, concrete, specific sacrifices to enable Goshen College in the future to serve boys and girls such as we were ten, twenty, thirty, forty years ago.

Following is a list of those who have joined the group that has adopted the slogan. "Every Alumnus a Contributor Every Year." The editor has steadfastly resisted all suggestions to print amounts, but you would be agreeably surprised to know how many have contributed comparatively large amounts. Exactly twenty-four out of the sixty whose names have been published since December 16, have contributed ten dollars or more. The Executive Committee does not, however, ask for a certain sum. Your circumstances alone must determine the size of your gift.

But your Executive Committee does earnestly beg (and do you not concede them that right?) that every alumnus, who is able to do so, shall join this growing inner circle of super-loyalists who "say it with checks." Join the circle yourself and sell the idea to other alumni and friends. In 1964 you will be proud to say (and pardonably so), "For thirty years I have lived up to the slogan, 'Every Alumnus a Contributor Every Year.' I have not missed a single contribution."

"Obey that impulse!" before the next issue of the NEWS LETTER. Join now.

Here is the list of all contributors during the current year, (and the list is still growing):

ALUMNI DUES

Annual dues keep coming in. They are due and payable at any time. Most alumni prefer to pay in June. But suit your own convenience.—And since the new directory will contain the names and addresses of *all* former students, graduates and non-graduates, we shall need quite a little more money next year than in the past. We are confident that the money will be here when we need it.

The following paid their annual dues since December 9:

Mrs. C. S. Morse (Margaret Anderson), Agnes H. Anderson, Mrs. Homer C. Blough (Kathryn Speigle), M. C. Lehman, J. R. Allgyer, Blanche Brenneman, Elizabeth Burkholder, Leah C. Risser.

WINTER BIBLE SCHOOL COMMENCEMENT

Bishop Clayton Derstine, of Kitchener, Ontario, delivered the commencement address for the Winter Bible school, in Goshen College Assembly hall on Tuesday evening, February 6, at 7:30 when five students graduated from the six-year course. The graduates were Virgil Weaver, Earl Stauffer, George Hoover, and Dorothy Blough, R. F. D., Goshen and Cleo Nusbaum, Middlebury. The course of the Winter Bible school covers six terms of six weeks, held annually in January and February, and consists of courses in Old and New Testament literature, Bible doctrine, Christian education, missions, church music, and public speaking.

In addition to five regular college instructors, President Sanford C. Yoder, Dr. Silas Hertzler, and Professors Walter Yoder, Samuel Yoder and Nelson Litwiller, the following special instructors offered courses during the 1934 winter Bible term; Bishop David A. Yoder, Elkhart; Rev. I. W. Royer, Orrville, Ohio; Rev. M. C. Lehman, Dhamtari, India; and Paul Mininger, Hesston, Kansas.

The recent graduating class is the first to complete the course, reorganized six years ago to meet the needs of young people who wish to prepare for service in the Church by completing a prescribed course of study but who find it impractical to be absent from their regular duties except for a few weeks during the winter. That the work is meeting a real need is evidenced by increasing interest and enrollment. Thirty-six students registered during the present term.

At the March meeting of the faculty, a resolution was passed changing the six-year course of six weeks a year to a four-year course of nine weeks a year. The nine weeks are divided into two semesters of four and one-half weeks. Students may enter for either semester and receive credit for the work done. By intensive work the student may complete the Elementary Sunday School Teacher Training Course during the first year of the new four-year course.

The survey was financed by a grant of $30,000 from the Carnegie Corporation. Goshen College Bulletin

PUBLISHED MONTHLY BY THE COLLEGE

VOL. XXVIII JULY, 1934 No. 7

THE ALUMNI NEWS-LETTER

JOHN UMBLE, '01.....Editor

THE Goshen College Bulletin is published monthly. The January, April, July, and October issues of the Goshen College Bulletin are the NEWS-LETTER of the Goshen College Alumni Association and are edited by an editor elected by the Board of Directors of the Alumni Association at the annual meeting in June. The ALUMNI NEWS-LETTER is mailed to all alumni of Goshen College, both graduates and former students whose class has graduated. If you are an alumnus of Goshen College and are not receiving the ALUMNI NEWS-LETTER regularly, there is only one reason: we do not have your correct and complete address.

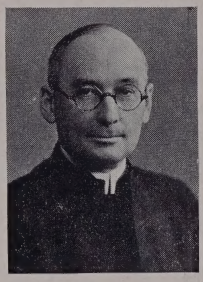
The other eight issues of the Goshen College Bulletin are edited by various administrative officials and faculty members of the College. These bulletins contain important announcements of interest to all friends of the institution: alumni, prospective students, parents and friends. If you do not receive all of the twelve monthly issues of the Goshen College Bulletin and wish to do so, a postal card directed to the President of the College asking to have your name placed on the permanent mailing list for all of the bulletins will bring them to you so long as we have your correct, complete address.

Remember that the Goshen College Bulletin and ALUMNI NEWS-LETTER cannot reach you unless we have your present street number, rural route or box number. Second class matter cannot be forwarded. We always send out the July NEWS-LETTER with something of a feeling of dread because we know that you are probably not at your winter teaching address. We have a mental picture of your landlady receiving the NEWS-LETTER and, because it is second-class mail, throwing it into the waste-basket or using it to start fire in the laundry stove next Monday morning.

Don't forget the August Reunion! Every year the last Sunday in August sees the return of scores of alumni and friends to the campus and nearly every year some one returns who has not been here for ten, twenty, thirty years. You cannot afford to risk missing some old friend or classmate whom you have not seen for a quarter of a century and whom, except for this reunion, you might not see during the next ten or fifteen years. Roads are always good in late August, and detour signs removed. Even College Avenue has been made dustless by a new coat of asphalt and gravel. Bert Smith and family usually drive over from Akron, Ohio, in the forenoon, enjoy the Reunion, and motor back to Akron in the evening ready for work early on Monday. Many others could do the same, and how you would enjoy being here!

Professor E. J. Zook is chairman of the committee on arrangements this year and Mrs. John S. Plank (Olive Nafziger, '12) is secretary. The reunion will be held on the Goshen College campus on Sunday, August 26. Plan your itinerary for your summer motor trip so that you will be passing through Goshen during late August and don't fail to stop for the Reunion.

In spite of the extreme heat, attendance at the June Reunion was almost as large as last year. Dr. M. C. Lehman, '04, presided; Arthur Smith, '23, was toastmaster; Leland Breneman, '34, Dr. M. C. Lehman, '04, and '14, Dr. C. O. Hershey, '14, and J. N. Kaufman, '17, gave toasts; and Dr. Benjamin Gerig, '17, gave the address of the evening. Dr. Gerig's definition of the League of Nations in its dual aspect as the technical league and the political league and his explanation of the functions and operation of the League was a model of clearness. The address was not only highly informing, but also interesting and entertaining. Dr. Gerig expressed complete confidence in the future of the League.



Dr. M. C. Lehman
Re-elected President of Goshen College Alumni Association in June

The NEWS-LETTER seems to be growing too small. Nearly a dozen typewritten pages of personal items could not find room in this issue. Most of them will keep for the October number.

CAMPUS NOTES

President Sanford C. Yoder spent the first part of the summer vacation on an eight thousand mile trip to the Pacific Coast and through the western states in the interests of the College. President Yoder received the B. D. degree from Northern Baptist Theological Seminary at Chicago in May.

Dean Harold S. Bender, '18, spent the first month of the summer vacation in Pennsylvania and Canada. He will conduct Bible study hours on the International Sunday school lessons at the Ohio Sunday school conference in August.

Orie O. Miller, '15, returned from his trip to Africa and India in May. In July he spent several days at the College in connection with his duties as chairman of the administrative committee for Goshen College.

Summer school enrollment is smaller than usual, but the very fine group of young people enrolled seem to be spending a happy, busy, profitable summer. Dr. Silas Hertzler, director of the Summer Session, is in charge and the teaching staff is selected from the regular faculty, supplemented by Samuel M. King, M. A., University of Nebraska, assisting in the department of education, and A. Fay Grassmyer, '21, M. A., Pennsylvania State, in

biological science. Professor B. Frank Hartzler, '29, is substituting for Professor Walter E. Yoder, '33, head of the department of music, who is enrolled for a heavy course in the school of music at Northwestern University during the summer session.

The class of 1934 presented as its class gift to the College a collection of prints from paintings by the great masters. One of them, "Brot und Eisen," the class framed and hung in the first floor hallway of Science Hall, directly opposite the entrance. It presents a striking appearance as one enters the main doors of the building. Some profess to see in it a suggestion of Carl Sandburg's "Chicago."

Nelson Litwiller, '25, missionary on furlough from South America, one of the busiest men in the U. S. A. and Canada in promoting the cause of Jesus Christ during the past year, took a little time off one day this spring from his activities in holding religious services, conducting Bible conferences, helping to establish a Spanish mission in Chicago, and giving missionary addresses, to cultivate, water and otherwise care for, the planting of evergreens on the northeast corner of the campus. These evergreens were the gift of his class to the College in 1925 and have given a grateful response this summer to Mr. Litwiller's care.

The ivy of the class of 1930, planted on the right of the main entrance to Science Hall, has now reached the second story windows.

The Goshen College representative in the annual Indiana state peace oratorical contest placed fourth among the seven contestants. One of the judges placed him first and two, third, tying him for third place with Manchester's representative. But when the tie was resolved by using percentages he lost to Manchester 505 to 531. Wabash, Earlham, and Manchester placed first, second, and third, respectively, as they did last year.

The Summer Convocation will be held in Assembly Hall on the last day of the Summer Session, August 8, at 2:00 p. m., C. D. S. T. Dr. Samuel M. Zwemer, of Princeton, N. J., editor of the Moslem World and professor of missions in Princeton Theological Seminary, will deliver the commencement address.

Dr. Paul Bender, professor of physics, and three of his students attended a meeting of college instructors in physics at Purdue university, May 12.

Dr. Glen Miller and Dr. Paul Bender attended a meeting of the American Chemical Society at Notre Dame university, South Bend, on April 25.

Members of the Men's Chorus were loud in praise of the older alumni for their cordial and enthusiastic reception on the annual Easter concert tour through Michigan, Canada, New York, Pennsylvania, and Ohio. Mrs. Ruth (Ebersole) Rasmussen, '11, employed in the Industrial Department of the Buffalo Public Library, Buffalo, N. Y., on learning that the chorus would be at Clarence Center commuted to her home in North Tonawanda and then with her daughter and a party of friends drove twenty-five miles to Clarence Center. The men were pleased also to bear greetings to their Alma Mater from Mrs. Ray Baumgardner (Elizabeth Hansaker, '02), Martinsburg, Pa., Edward E. Hansaker, '02, Lima, Ohio, and others. Mr. Hansaker is proprietor of the Welcome Drug Store, at the corner of Main and Elm. In a recent letter he wrote: "I often think of our college days as the most pleasant period of my life."

Dr. Silas Hertzler, '13, and Professor Samuel King attended the ninth annual meeting of the midwestern psychological association at Purdue University, May 10-12.

ALUMNI DUES PAID

Following is a list of alumni who have paid their annual dues since March. The list is complete to about July 15. The annual dues are one dollar per year, payable at your convenience. Scarcely a week passes in which some alumnus does not send in his dues and a word of appreciation for the NEWS-LETTER. Annual dues furnish the only source of funds for printing the NEWS-LETTER and Alumni Directory. And all of the money actually goes for this purpose! No officer, director or other member of the association receives one cent for any work in connection with the NEWS-LETTER. In fact a few years ago when funds and enthusiasm were at a low ebb, Dr. S. T. Miller, then president of the Association, used to pull out his pocket book after the treasurer's report was read in the directors' meeting and say, "Come on, you fellows, help make up this deficit!" More than once he laid a ten dollar bill on the table!

Dr. Lehman's thesis was: "The Religious and Metaphysical Significance of the Writings of Harishchandra," a philosopher and dramatic poet of India who wrote mostly in Sanskrit. Dr. and Mrs. Lehman contemplate returning to the India missionary field where they feel that their life work has been most successful and where friendships made over a long period of years are calling them back home. In anticipation of their return to India Dr. Lehman refused a very flattering offer of a professorship at Yale university and another offer of a professorship at Bethel college, Newton, Kansas.

When he returned to South America, the work was continued by Nelson Litwiller, '25, South American missionary, who braved all sorts of weather to keep his appointments for them every two weeks. Last winter a young converted Spaniard who at one time was a captain in the Mexican army became interested in the faith and practices of the Mennonite Church and has been helping in the work. PERSONALS

(Continued from page 7)

Rev. Paul E. Whitmer, '05, is extremely busy as pastor of Grace Mennonite Church of Pandora, Ohio, and enjoys his work with his characteristic enthusiasm and heartiness. His growing congregation of nearly four hundred members includes forty-three college graduates and a dozen undergraduates, four doctors, quite a few high school teachers and business men. Twenty-four Sunday school classes, four C. E. societies, two women's missionary societies, an orchestra of twelve pieces, a church choir of fifty voices, and a men's chorus are among the live organizations of the congregation. Mission collections last year were $1196.57. Being Swiss and Mennonite the members are regular church attendants summer and winter and are naturally musical. The chorus rendered Handel's "Messiah" last Christmas and Maunder's "Olivet to Calvary" on Easter Sunday with directors and soloists chosen from the regular membership.

Hubert Hahn, ex-'29, is pastor of the Church of the Brethren at Portis, Kansas.

THE ALUMNI NEWS-LETTER

JOHN UMBLE, '01.....Editor

THE editor regrets that his zeal for news and his enthusiastic interest in the success of Goshen College alumni has pained a treasured friend. This friend writes: "I am too good a Mennonite to enjoy boasting—even in the third person." The editor craves the writer's pardon, but he hopes he may be allowed to ask, "Where does news end and boasting begin when an editor writes of the worthy achievements of a prominent alumnus?"

Alumni soon will be receiving the annual request for a cash donation to help meet the operating deficit. All of you who are members of other alumni associations in addition to the Alumni Association of Goshen College know what a difficult period this is for all educational institutions and how strongly they solicit their alumni for financial and other aid. In the light of the ideals of Goshen College, of her achievements, of her service in the past and the present, of her promise for the future, your Alumni Association Board of Directors feel justified, even duty bound, to present the needs and claims of their Alma Mater to their fellow alumni. It may interest you to know that the hustling executive secretary of the alumni association of a large mid-Western university has plagiarized our slogan, "Every Alumnus a Contributor Every Year," with the very slight change made by inserting the word "Living" before "Alumnus."

Class of 1930! Just to remind you! Do you recall what resolutions you made one memorable morning back in June, 1930? Remember the first five-year period since your graduation will expire in a few more months! Plan now to spend the 1935 Commencement season on the Goshen College campus. You may feel that you cannot come. But reflect! The cares of life will probably be weighing upon you more heavily in 1940 than in 1935. You may have more money then, but you will be busier!

1934 HOMECOMING

We have asked the chairman of the social committee of the Y. M. C. A. to write one hundred words about the Homecoming. Here it is:

"Dear friends,

If, when you see students returning to school in the fall, your minds turn to your Alma Mater and the joyful times you had while attending school there yourself, you have a real treat in store for you at Goshen College during Thanksgiving. Those of you who have been here at Thanksgiving for the past few years remember that it is then that we have our annual homecoming. The homecoming committee has already arranged an interesting program for you. There will be the annual dinner, socials, teas, musical programs and lectures—anything to remind you of the years you spent here. We shall be looking for you November 29!

Yours truly,
Carl Kreider
Chairman Social Committee."

The Lecture Board has been very fortunate in securing the noted American poet, lecturer, critic, and essayist, Louis Untermyer, to deliver the annual homecoming lecture. He has promised his most popular lecture "A Critic's Half-Holiday." Come prepared to be instructed, inspired, and entertained!

ANNUAL DUES

The treasurer reports that the following have paid their annual dues since the last issue of the NEWS LETTER was published. He reports that more than one hundred dollars will be needed between now and next July if the new directory is to become a reality as planned. Work on the directory is going forward satisfactorily, but a large number of addresses still require verification. Alumni will confer a valued service if they will send in names of alumni and former students who are not receiving the NEWS-LETTER.

Wilbur Hostetler; Mrs. Wilbur Hostetler (Velma Lapp); J. E. Brunk, $2.00; Edith M. Witmer; Mrs. Mary (Good) Brenneman, $2.00; E. E. Hansecker; Carolyn Lehman; John C. Wenger.

CAMPUS NOTES

President Sanford C. Yoder spent a few weeks of the latter part of August in student solicitation in Illinois and Iowa. Early in September he attended the annual meeting of the Iowa-Nebraska Conference held near Kalona, Iowa. During October he made a trip to Kansas City and Colorado, where he attended meetings of the building committee of the Children's Welfare home and the Hospital Board, respectively, of which he is a member. While in Colorado he attended the annual reunion of the Colorado Goshen Alumni reunion held at La Junta on the evening of October 19. He reports the Colorado branch active and enthusiastic for their Alma Mater. Among the speakers were numbered President Yoder, Alta Housour, Lily Esch, Harve Driver, and Allen Erb, who served as toastmaster. The week-end of October 28, President Yoder spent with the Central congregation at Elida, Ohio, preaching in the morning and speaking at the afternoon and evening services.

Dean H. S. Bender spent the week-end of August 17-20 in the Mennonite community in Johnson County, Iowa, where he attended the annual Iowa Goshen Reunion on August 17 and followed with speaking appointments at all of the four Mennonite churches in the community. Immediately upon his return home he was compelled to undergo an emergency appendectomy at the Goshen City Hospital. On September 15 he attended the meeting of the Mennonite Central Relief Committee in Chicago. The week of October 20-28 he spent in Philadelphia and vicinity doing research in Mennonite History in the library of the Historical Society of Pennsylvania. On October 27 he gave two addresses at the annual historical meeting of the Franconia Mennonite conference district which was held at the Rockhill Church near Souderton, Pennsylvania.

Since the last issue of the NEWS-LETTER was printed, C. L. Graber, business manager, has been putting in long hours both on and off the campus, in and out of the city. The increased attendance in September is at least partly due to his strenuous and successful efforts in promoting a program of partial self-support for students. A garment factory has been secured and installed. By a special arrangement with the Goshen Printery four students have been given part time employment in the composing and job printing departments. He has helped others to secure remunerative odd time jobs in various stores and industries in the city.

Dr. Silas Hertzler, Professors Willard Smith and Walter Yoder, Misses Wyse and Royer, and a considerable number of students attended some of the sessions of the North-Central Indiana Teacher's Association at South Bend, October 12 and 13. The following week Dr. Hertzler and Professor Smith accompanied by two of their students attended the State Teacher's Association at Indianapolis.

Dr. Glen R. Miller, head of the department of chemistry, attended the meeting of the American Chemical Society in Cleveland during September.

AUGUST REUNION

The August Reunion was not so well attended by local alumni as last year, but a large number of prominent alumni were present from out of the city. On account of a conflicting conference date several ministers and other church workers were deprived of the privilege of attending. Professor Walter E. Yoder was chosen by acclamation to be chairman of the 1935 August Reunion. Mrs. J. E. Weaver (Elnora Kauffman) is secretary. ANNUAL REUNIONS

Goshen College Alumni are now holding at least eight annual reunions in various parts of the world. During the past year such reunions were held in India, Pennsylvania, Eastern Ohio, Western Ohio, Chicago, Central Illinois, Iowa, and Colorado. A very elaborate organization for these rather informal meetings may not be necessary, but it would seem to be highly desirable that some sort of permanent record should be kept of the officers, proceedings, visitors, discussions and such other matters as might interest future students or historians.

The Colorado meeting held in October sent greetings to the faculty and student body with President Yoder. The Iowa meeting in August raised questions and problems that brought the Board of Directors together for a special meeting in September. Iowa alumni led by Melvin Gingerich, '26, advocate a greatly enlarged ALUMNI NEWS-LETTER, six issues per year. They desire to see discussion of problems affecting Mennonite youth and a more effective testimony concerning neglected Christian doctrines. They insist that alumni are interested, not only in what their classmates and friends are doing, but also in what they are thinking.

The following report of the reunion of Eastern Ohio alumni and friends is typical of most of these happy family gatherings.

"On August 19, 1934, the Goshen College Alumni, students, prospective students and friends met at Hostetler's Grove near Walnut Creek, Ohio.

"A bountiful basket dinner was served to approximately seventy people. A program was then given consisting of talks and remarks by Leonard Kreider, Mrs. Leonard Kreider, Carl Kreider, Irene Eschliman, Ira Amstutz, Miss Royer, H. Clay Miller, Dr. D. D. Hostetler and Walter Oswald. The pointed truths brought out and the delightful reminiscences recalled, typified the very spirit of Goshen College. Special music was furnished by two quartets, a Holmes Co. quartet, consisting of David Miller, David Sommers, Vernon Miller and Leon Glick, and a mixed quartet consisting of Vera Sundheimer, Sarah Hershberger, Roscoe Miller and Leon Glick.

"The reunion voted to continue the organization, electing Mrs. Emma Rohrer, president, and Irene Eschliman, secretary-treasurer."

1934 REGISTRATION

The registrar's office reports a total enrollment of two-hundred fifty-eight distributed as follows: seniors, twenty-eight; juniors, thirty; sophomores, fifty-five; freshmen, one hundred six; special, thirty-one; academy, three; post graduates, five. This is a gain of more than twenty-five percent over last year. One of the outstanding features of the enrollment is the increase in students from the Far West, especially from Oregon, Idaho, and Kansas where President Yoder spent several months during the past summer.

Eighty-three women, of which seventy-six are students, occupy every room in Kulp Hall. Seventy-eight men, of which seventy-six are students, room in Coffman Hall.

THE CLASS OF 1934

In response to a number of requests we print the song sung by the class of 1934 in their class day program in June. The words were written by E. LaVerne Yoder and Stella Kauffman. We regret that we are unable to print the stirring musical score written by Verna Smith.

From far and near we gathered
To seek at learning's shrine
The beauty of a service
Of love and truth divine;
In tribute to our masters
We'll lift our voice in praise,
And to our Alma Mater
Our hymn of love we'll raise.

Chorus:
We pledge you loyal service
And love forevermore,
The sons and daughters of Goshen,
The class of '34.

Forth with thy truth we're going
To bear thy message far.
The friendships formed will follow
To be our guiding star,
And memories still will linger
Within these sacred walls
To lead our thoughts forever
Back to our College halls.

"Several former Goshen students from Springs, Pa., and Grantsville, Md., sang in the Mountain

Choir Festival held at Mountain Lake Park, Md., on August 19, sponsored by Mrs. Theodore Roosevelt, Sr., Mrs. Otto Kahn, and other notable patrons of music. In the Ladies Chorus sang Rhoda Bender, Mrs. Lucretia ("Krish") Bender Maust, and Marion Wisseman, whose beautiful lyric soprano was heard also in a lovely solo passage. Her excellent singing reflects great credit on the voice department of the college.

"Harold Miller appeared on the program as a member of the Male Chorus of the Springs Mennonite Church.

"Participating in this festival were twenty-four church choirs and choruses with a membership of about six hundred. The audience numbered over five thousand.

"The spirit of enthusiastic co-operation which these students bring along back from Goshen is deeply appreciated. Their interest in the finer and cultural things of life is of utmost importance to the church in this time of abandon to the cheap and tawdry on the part of the many who prefer superficiality of thought and triviality of action. May Goshen continue to inculcate a genuine love for the beautiful and an abiding devotion to the good."

Goshen's Fastly Growing Student Body

The new school year opened with registration on Tuesday and Wednesday, Sept. 11 and 12, 1934, with an extraordinary increase in enrollment. Alunmi and friends will be delighted to learn that there has been a 30% (thirty percent) increase in full-time college enrollment over last year, with every college class showing an increase. About sixty (60) more full-time college students are now enrolled than at this time last year. The total college enrollment, which now stands at 227 full-time students, is the largest in the history of the school. The Freshman class shows the greatest increase over last year with 110 regular students, an all-time record. The sophomore class with 54 regular students also establishes an all-time record. Both Freshman and Sophomore classes as well as the total college enrollment, show a continual annual increase for the past three years.

The following table of comparative enrollment statistics for the past four years reveals clearly the splendid progress which is being made in our steadily growing student enrollment. Post graduate students are not listed in the table. It should also be noted that this years registration will be increased by the close of the year. Statistics for previous years are final figures.

					College		
	Freshmen	Sophomores	Juniors	Seniors	Total	Academy	Total
1931-2	55	27	36	34	152	11	163
1932-3	78	42	22	32	174	6	180
1933-4	73(86)*	52	25	25	188	8	196
1934-5	110	54	30	28	222	3	225

**This number includes an enrollment of* 13 *at the Elkhart Branch.*

A striking feature of this year's registration is the 65% increase in the enrollment of Mennonite college students compared to last year. The present total of 168 Mennonite college students

is the highest on record since the four-year college course was established 25 years ago. This development is very encouraging to the college and the church. Several years ago the Mennonite enrollment took a decided drop, since when it has remained stationary. This year all the loss has been recovered and the previous high total has been surpassed. The following table indicate the comparative Mennonite enrollment during the past four years:

					College		
	Freshmen	Sophomores	Juniors	Seniors	Total	Academy	Total
1931-2	34	13	30	25	102	9	111
1932-3	47	28	13	30	118	4	124
1933-4	37	34	17	19	107	5	117
1934-5	85	35	22	23 PG3	168	3	171

Still another striking feature of this year's enrollment is the splendid increase in the number of campus students. This year the dormitories are practically full, in contrast to the half-filled condition of the past several years. Kulp Hall now has no vacant rooms, with the exception of the guest room, although several rooms have only one occupant. In Coffman Hall, several rooms are still unoccupied. Each dormitory now houses about 80 students. Twenty-five tables are regularly set with a total of approximately 150 regular boarders in addition to cooks and waitresses.

THE EFFECT OF THE INCREASE IN ENROLLMENT

Every one about the college is quite happy about the fine increase in enrollment. The business manager reports that the budget will be much easier with the increased tuition income as well as the increased profit from dining hall and dormitories. The operating deficit for the past year was over $10,000 which was met by donations from the constituency and a 15% donation from faculty salaries. This year the deficit should be greatly reduced and the faculty salary reductions eliminated, although there has been some necessary increase in overhead expenses. Generous donations will

still be necessary to balance the budget and wipe out the accumulated unprovided deficit of several years ago which has not been completely liquidated.

The larger number of students has put more life into all the student activities. The four literary societies will average over fifty members each. Chapel Hall is practically full every morning at 11 o'clock. The Y.P.C.A. devotional and prayer meetings are slendidly attended. The athletic program is crowded.

The increase in this year's enrollment promises greater things for the future. Next year's sophomore class will certainly be much larger than this year's class, and no doubt the increase in the freshman class can be maintained or oven enlarged. An enrollment of 300 students, which has often been thought of as Goshen's capacity, is in sight.

INCREASED OPPORTUNITY FOR EMPLOYMENT

One of the chief factors in the increase in enrollment is the increased opportunity for students to earn a part or all of their expenses which has been provided by the establishment of a shirt factory on the campus. At present 26 students are employed, an average of 20 hours each week in this enterprise. J. E. Brunk, for many years associated with the C. H. Musselman Canning Company of Biglerville, Pa., and well known to many alumni as a student (Acad., '15) and formerly business manager of the college, has moved to Goshen with his family and will serve as factory superintendent. Increased employment has been secured for a number of students in other local enterprises as well as on the campus, the latter having been made possible by government aid through the FERA. This year 24 students are paid an average of $135 per month by the FERA for work done on the campus. It is hoped that this program of employment can be still further expanded next year.

ACCREDITMENT FOR ELEMENTARY TRAINING IN INDIANA

Since 1927, the year that the two-year program for elementary teacher training was finally put into force by the state of Indiana, Goshen College has not enjoyed state accreditment in the elementary field. The attempts of the administration to secure this accreditment have finally met with success. At the recent September meeting of the state board, Goshen was fully accredited. Unfortunately this action occurred a week after the opening of the school year so that full advantage of the accreditment could not be taken in soliciting students. For next year, however, a considerable increase in enrollment is anticipated in the two-year elementary teacher training course. Alumni and friends can greatly aid in spreading the news of the new accreditment among interested students and patrons.

THE BIBLE SCHOOL

The three-year Advanced Bible Course in continuing to meet with favorable support and patronage. Three undergraduates and three students with degrees have registered for full time work in this department. The two year Christian Workers' Course on the Freshman-Sophomore level has also received gratifying support and patronage. A total of 8 regular students have enrolled in this course. This total of 14 students taking full-time work in the Bible School on the college level is the largest in the history of the college. It is confidently expected that next year will show a further increase. in the enrollment of this department of the college.

CHANGES IN FACULTY PERSONNEL

A few changes have taken place in the faculty roster for the current school year. After six years of much appreciated service, Professor Gustav H. Enss, professor of Philosophy and Theology, and formerly professor of German, has resigned. During the cur-

rent year he is completing his work for the Doctor's degree at Southwestern Theological Seminary in Fort Worth, Texas, where he also has a part-time teaching appointment. Mrs. Enss, for several years instructor in German, and the family have joined him at Fort Worth. The work in German is being cared for during the current year by Dr. Edward Yoder and Mrs. Elizabeth Horsch Bender. Irvin Burkhart, A.M., Th.M., head of the Bible Department at Hesston College, has been secured as visiting professor in the Bible Department for one year on leave of absence from Hesston College. President S. C. Yoder, who secured his B. D. degree at Northern Baptist Seminary in Chicago last June, is also teaching in the Bible Department. Professor Witmer is completing his work for the Ph.D. in biology at Indiana University. During his continued absence, H. Clair Amstutz, B. A., a graduate student last year at Indiana University Medical School, is teaching the courses in Biology. Professor G. F. Hershberger, on leave of absence for the past three years, expects to secure the Ph.D. in history at Iowa State University in June, 1935. Paul Mininger, who was appointed as instructor in Christian Education, is spending a year in graduate study at the Eastern Baptist Theological Seminary in Philadelphia this year before taking up his teaching duties.
